A full charge on the TakoStore Solar LED Camping Light - Portable USB Rechargeable Emergency 7W LED Bulb with Battery for Hiking Camping & Repairing Power Bank for Cellphones, Outdoor LED Camping Light, Solar Tent light allows it to serve as a versatile LED bulb in a standard lamp socket or an emergency light anywhere. It can even charge a cell phone.

Enter the 2C solar light cap. Its original design was a desert sand coloured legionnaire cap with solar lighting integrated into the peak of the cap. In those days (2010) the solar panel spanned the whole peak and was prone to cracking. There was a LED bulb on either side of the cap that dropped down like the eyes of a stingray and shot enough ...
