Note(s): (1) Ecosystem reach refers to direct reach through enrollment in our programmes and indirect partner programming and downstream effects (2) The World Schools Debating Championship (WSDC) is the most prestigious debating tournament for school students in the world, where students represent their countries (3) The International Competition for Young ...

Every 5th fight of your win streak the point bonus has a special bonus multiplier, but under the current scoring system this really doesn't mean too much until fight 15. Keeping that in mind, up until fight 25 I'd prioritize taking the easier path over any batch of bonus points if you're debating the worth of a battle. Team: Regeneration

2005 National Speech & Debate Tournament - Resolved: That, when a choice is required for public high schools in the United States, government funding should prioritize vocational education over college preparatory education. April 2005 - Resolved: The United States should issue guest worker visas to illegal aliens.

Now more and more tournaments are using power pairing and I am proud to be part of this transition. It all started in 2011 when I was consultant at Heart of Europe and we used TRPC as secondary system for power pairing. Tournament went well and next year we already saw more power paired tournaments. I was tab master at Heart of Europe 2012 and ...

The Australasian Intervarsity Debating Championships (known colloquially as "Australas") is an annual debating tournament for teams from universities in the Australasian region. the context of debate tournaments, we are very comfortable defending the idea that the teams who debated best at the tournament are the ones who deserve to break. 7

Winning a tournament is a long and grueling endeavor. I can recount a number of very big late debates lost because the team was just plain exhausted. Having the best strategy on the planet won't matter if you aren't in a position to execute. Eating healthy foods and getting sleep at tournaments is a fundamental part of a winning system.

A Swiss-system tournament is a non-eliminating tournament format that features a fixed number of rounds of competition, but considerably fewer than for a round-robin tournament; thus each competitor (team or individual) does not play all the other competitors competitors meet one-on-one in each round and are paired using a set of rules designed to ensure that each competitor ...
