Where was Eaton based?

From 1920s-1964 Eaton was based on East 140th Street in Cleveland, Ohio. In 1964, the company moved its headquarters into the new Erieview Tower where it remained until 1983. In that year, Eaton Corporation moved into a 28-story Cleveland office tower which was renamed for it.

What are Eaton's business sectors?

Eaton's businesses are divided into the following sectors: The electrical sector's products include circuit breakers, switchgear, busway, UPS systems, power distribution units, panel boards, load centers, motor controls, meters, sensors, relays, PLCs, HMIs, and inverters.

When did Eaton become a company?

In 1937, Eaton became international by opening a manufacturing plant in Canada. In 1958 Eaton Corporation acquired Fuller Manufacturing. The company name changed once again in 1965 to Eaton Yale & Towne Inc. after the acquisition of Yale & Towne Manufacturing Co. in 1963. Stockholders approved the change to the company's current name in 1971.
