

Emporia including solar in energy usage app

What is the Emporia energy app?

The Emporia Energy app is a free tool for users of Emporia's smart home energy management products. It allows users to monitor and compare their electricity usage. The app includes demand and time-of-use management tools. For instance, once users set a Peak Demand Goal in the app, Emporia automatically adjusts energy usage to achieve that goal.

How does the Emporia smart home energy management system work?

The Emporia Smart Home Energy Management system is all about the benefits. Using our insightful web-based or smart-phone app, you can automate, control, and manage your home's energy whenever, wherever. Set a Peak Demand Goal for your Emporia Vue Monitor and the app will adjust energy usage for your smart devices to meet it.

Why should you choose Emporia solar power?

Monitor your home's energy usage in real-time. 24/7 backup power that's intelligent, affordable, and reliable. With Emporia, you can create your own solar power plant to live off the grid, save money over time, and help make a positive change in the world. The future of home energy will soon be here.

Does Emporia offer home energy management solutions?

Take charge of your home energy and save with Emporia's award-winning products. Emporia's Home Energy Management Solution empowers you to monitor, store, and control your home energy, saving you money and reducing your carbon footprint.

How can the Emporia app reduce energy consumption?

Use the Emporia App to reduce overall energy consumption by identifying and managing wasted energy and providing control over how energy is used throughout the day. Track energy use in real time! The Vue Energy Monitor doesn't guess what appliances you have.

How does Emporia work?

Using Emporia's intuitive mobile app or web-based platform, you can automate, control, and manage connected devices like EV chargers, the Vue Home Energy Monitor, Smart Plugs, home battery systems, excess solar, smart appliances, and thermostats to optimize their performance. Manage your home energy in smarter ways.

The Emporia app displays this information in an easy to read chart on your smartphone. This way, you can track your energy usage to see how much you are saving on energy costs each day.
