

Guolin technology energy storage strength ticket

Who is Guolin technology?

Guolin Technology (Stock code: 300786.SZ) was officially listed on the GEM of Shenzhen Stock Exchange on July 23, 2019, becoming the first listed enterprise of ozone industry. The company focuses on the manufacturing field of ozone system equipment and devotes itself to becoming a professional supplier of ozone system.

Is Guolin technology a leading enterprise in China's ozone industry?

It has an ozone equipment production base covering an area of more than 130 acres, which is making Guolin Technology become the leading enterprise in China's ozone industry. Guolin Technology (Stock code: 300786.SZ) was officially listed on the GEM of Shenzhen Stock Exchange on July 23, 2019, becoming the first listed enterprise of ozone industry.

Who is Qingdao Guolin Technology Group?

Focusing on the R&D and application of ozone medical technology, specializing in production of disinfection equipment and medical devices. Qingdao Guolin Technology Group Co., Ltd. (hereinafter referred to as Guolin Technology) was established in 1994, which is a high-tech enterprise engaged in researching, manufacturing and trading.

Did Guolin technology win a national invention patent?

Good news! Guolin Technology has won a national invention patent! 2 hours response, 24 hours at the scene. (In China mainland) We have long-term cooperation with experts of ozone technology. Cooperate with client to upgrade relevant equipment in the ozone generation system.
