Haier home energy storage air conditioner price

Heat pump technology reduces energy use by 64-68% compared to a traditional electric resistance water heater, by drawing in heat from the surrounding ambient air.* *Energy savings of 64-68% are based on Haier Split System 280L when compared to a standard resistive electric storage water heater in Zones 1 to 5 in AS/NZS4234.

When shopping for a new air conditioner, one of the most important metrics to consider is the unit's Energy Efficiency Ratio, or EER. The EER measures how efficiently an air conditioner converts electricity into cooling power. A higher EER generally indicates a more energy efficient air conditioner that will cost less to operate.

This Energy Star® Qualified 24,000 BTU, 9.4 EER electronic control air conditioner is perfect for cooling a large room, up to 1,500 sq. ft. Enjoy quiet operation and the convenience of a digital time/temperature display and 24 hour on/off timer.
