

What is the 2023 energy storage international conference?

The 2023 Energy Storage International Conference, jointly organized by the Institute of Engineering Thermophysics, Chinese Academy of Sciences, China Energy Research Society and China Energy Storage Alliance, was successfully held in Beijing Shougang Exhibition & Convention Center on April 7-9, 2023.

What is the energy storage Conference?

The conference, which has been organised in partnership with Messe Düsseldorf and Energy Storage Europe since 2015, will focus on the current state of research and the social, political and legal framework conditions of energy storage.

What is the energy storage global conference (ESGC)?

The fifth edition of the Energy Storage Global Conference (ESGC) was held on 11 - 13 October 2022 and gathered over 365 onsite and online participants representing EU and national policymakers, utilities, DSOs, TSOs, suppliers, consultancies, the research community and National Regulatory Authorities.

How many lectures are there in the energy storage Conference?

In up to five parallel series of lectures, experts from science, practice, politics and society will focus on the current state of knowledge about energy storage. The approximately 200 lectures will be supplemented by a poster exhibition with over 100 presentations and a trade fair exhibition with around 180 companies and firms.

When is the next IRES Conference?

The next IRES, the world's leading science and technology conference on this topic, will take place from September 20-22, 2022. Science and technology experts from academia and industry are invited to submit abstracts on their research in renewable energy storage systems. Relevant scientific papers in policy, finance and law are also welcome.

What is energy storage frontier technology conference (esftc)?

More than 200 energy storage industry experts brought wonderful reports. During the Conference, the "Energy Storage Frontier Technology Conference (ESFTC)" was organized. While, the launching ceremony of "Long-Duration Energy Storage Technology Special Committee of China Energy Storage Alliance" was held in the ESFTC opening ceremony.
