

Snapchat offers astrology features, which allow users to test compatibility with friends. The company believes that these features will help friends have more meaningful conversations with each other, regardless of whether or not they are astrology devotees.

Snapchat's integration can help make determining astrological compatibility less awkward. While scrolling through your star chart, you can also learn about various astrological concepts, such as a "rising" sign, by checking the explanatory cards.

Get creative by using as many Snapchat features as possible. Take advantage of filters, Snappable games, pen colors, lenses, text fonts, stickers and more. Don't forget about stories. Stories are a great way to increase your Snapchat activity even when your friends aren't snapping back as often as you like. Remember that you can unlock more ...

The moon symbol on Snapchat indicates that a particular friend or contact on your list is in "Do Not Disturb" mode. When the moon symbol appears next to a user's name, it means that they have elected not to receive notifications for snaps or ...

The moon on Snapchat helps you sharpen and brighten up the photos taken in the dark on Snapchat. In short, the moon is a low-light mode. It can assist you in editing the images without doing anything. Just find the moon in your app and tap on the screen to get it!

Just to the right of the lightning bolt, there is a crescent moon symbol; this is how you turn on Snapchat's low-light mode. Press the moon to toggle the feature on (the crescent moon will be ...

Snapchat story symbols tell you about interactions with your stories. A purple circle means there's a new story to watch, and a blue circle indicates a new story from a group. An eye icon shows how many people viewed your story. Can you explain the different notification icons and their meanings on Snapchat?

## Moon on snapchat

Snapchat is a great app people use to communicate and send photos. It is really fun and unique because it lets you use many filters and it is always. ... Then the moon icon becomes visible, right ...

Snapchat automatically adds your date of birth from your profile (if you have it in there already). Add your birth time using the "Time of Birth" field and birthplace using the "Place of Birth" field. Then tap the "Complete" button. Wait for Snapchat to finish creating your astrological profile. Once this is done, you'll see your zodiac sign ...

The moon on Snapchat represents a particular milestone that has been achieved in a snap streak. It appears when a user and their friend have been sending snaps to each other for more than 100 consecutive days. This is an impressive achievement that requires a lot of dedication and commitment.

The Astrological Profile is a series of Snaps that cover the ten different planets (Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn, Neptune, Pluto, Uranus) and an Astrology Profile Summary. You can send these Snaps to your friends, post to ...
