Briggs & Stratton is the world's largest producer of gasoline engines for outdoor power equipment, and is a leading designer, manufacturer and marketer of power generation, pressure washers, lawn and garden, turf care and job site products through its Briggs & Stratton®, Simplicity®, Snapper®, Ferris®, Vanguard®, Allmand(TM), Billy ...

As the project site is nearly 400km away from the nearest gas station, the power demand for outdoor construction is very high. After several talks with customers, it is determined to use the PV storage AC off grid power supply system to supply power for the outdoor construction site.

Being a user-driven company, those talks opened the door to OPE, and around 2017, Milwaukee went all-in with a new business unit specifically for outdoor power equipment. The initiative included hundreds of new engineers, product managers, regulatory team members, and others to determine how they could disrupt the space in a big way.

Outdoor storage made of woods and PVC is rust-free. Metal made outdoor storage sheds are usually not rust-free unless specially designed to be. Metal outdoor storage sheds can be layered with galvanized sheets, involving the element of zinc. That forms the protective layer and makes it affordable rust-free outdoor storage from inside and outside.
