

By partnering with Nexus Solar, you'll get the smartest solar energy solution, customized to your specific needs. With over 38 years of experience across a diverse range of industries, we're ...

Nexus Energy Systems, getting our badge of an Average Performer, maintains a presence across 4 states, supported by a third-party rating of 4 or less. They do not have a high level of local community trust, earning 3.8, according to our expert evaluation. This badge means they are somehow reliable, but you need to pay more attention to what they have to offer.

As one of the first residential solar developers in California's history (founded in 1978 as a custom home builder), Nexus remained dedicated to delivering the highest level of workmanship, best ...

Key Features: 1. Solar-Powered Operation: The NXSOL21HC utilizes advanced solar technology to harness solar energy, reducing reliance on conventional electricity sources. This not only helps lower your energy bills but also minimizes your carbon footprint. 2. Dual Functionality - Hot & Cold: Unlike traditional air conditioners, the NXSOL21HC is designed for year-round comfort.

Nexus Energy Systems isn't just a solar company, our roots go back to custom home building through Rietkerk Construction, founded in 1978. When we adopted solar into our product lineup in 2008, we had one clear advantage over our competitors that has stood the test of time - EXPERIENCE THAT MATTERS.

At Solar Nexus, we're passionate about reducing our carbon footprint and ensuring a cleaner, greener planet. Established in 2012, we supply the latest technology in solar panels and batteries, along with providing a first-class installation and maintenance service.
