How do I choose a Portland solar company?

Seek out Portland solar companies with at least 3.5 out of 5 stars on Google Reviews and similar customer review platforms. The company should also have a good rating on Better Business Bureau (BBB). Read through reviews to get insight into other homeowners' experiences with a company, and watch for consistent bad reviews.

How do I find a reputable solar installer in Portland?

Make sure your solar installer provides a consultative, professional solar experience, and if you're also purchasing a solar battery system, they have proven experience with those products too. By doing the legwork for you, EnergySage makes it easy to find reputable solar installation companies in Portland, OR.

Is Portland a good place to install solar power?

Portland is one of the best places for solar power. With a solar-friendly climate, a strong commitment to sustainability and solar incentives for installing solar energy systems, Portland has become an ideal place for solar panel owners.

How much does solar cost in Portland?

The average price of solar is about \$2 to \$3 per watt in Portland, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution. Installers must charge fair prices to remain in business and provide you with 25 years of support.
