

Reliant energy solar buyback plans

Is Reliant Energy a good solar provider in Texas?

Reliant Energy was once one of the best Texas electricity providers for solar homeowners due to their full-retail net metering offer. However, this has changed, and solar savings with Reliant are now lower than before. Reliant Energy's Simple Solar Sell Back plan is still one of Texas's best solar buyback plans.

Does Reliant offer a solar buyback plan?

Reliant Energy Retail Services offers two solar buyback plans: one for homeowners with new solar panel systems installed through their program (Simple Solar Sell Back), and one for those with existing solar panel systems. Each plan has slightly different requirements and terms.

How does Reliant pay for solar panels?

If your solar panels generate more electricity than your home uses, it gets sent to the grid, and Reliant pays you in the form of a bill credit. The exact rates aren't listed on Reliant's site, but according to its press release for the plan, the credits are valued at 'the same price per kilowatt-hour that homeowners pay for electricity'.

What is Reliant Energy?

Reliant Energy is one of the most popular and trusted retail energy service providers in Texas, serving more than 1.5 million Texans in over 50 cities. Reliant Energy offers an exclusive electricity rate, Simple Solar Sell Back, for homeowners who install solar through Reliant's Solar Energy Experts and partnered installers.

What are the best solar buyback plans in Texas?

Green Mountain Energy provides the best solar buyback plans in Texas to their customers: Renewable Rewards Solar Credit 12, Renewable Rewards Essential 12, and Renewable Rewards 36. Here, the maximum solar credit is based on your monthly usage of energy from the grid. The credits cannot be rolled over in this plan.
