How Does Snapchat Friends Solar System Work? First, you need to subscribe to Snapchat+ to see which planet you are in your friend's universe. Once you subscribe, you will see a Best Friend or Friend badge with a gold outline on your friend's profile.. The Snapchat Planets system works by analyzing your interactions with friends, such as snap streaks, messages, and snaps sent.

The first Snapchat Planet on the list is Mercury, and it represents the person you share the most streaks with, i.e. your best friend on Snapchat. This process works for your next eight best friends on Snapchat, meaning your top eight best friends are assigned a planet based on how close you are to them (how much you interact with them).
