

Despite the size, 6U data cabinets have enough space for additional components. They are designed for customization, which means that you can adjust the setup according to your requirements. Additionally, options like a 6U rack with PDU (Power Distribution Unit) provide built-in power management, improving the overall performance and usability.

The second largest battery storage cabinet in the Slimline range offers homeowners the flexibility for future system expansion. The battery side mount installation allows the narrow profile to be maintained whilst eliminating the need to compromise on your power capacity. PEF12W - 250B.
